invite you to

**XXV. International Conference of Slovak, Czech and Polish
Casters,**

**to be held under the auspices of the Dean of Mechanical
Engineering Faculty**

during 10. 4. - 12. 4. 2019

in Tatranská Lomnica, hotel Slovan

1. Circular

Media partner: *Archives of Foundry Engineering* (WOS, SCOPUS)

Organizators invite you to conference, where we want to provide an international platform for Exchange of experiences and information's among Slovak, Czech and Polish foundries, research and educational communities in metallurgy and foundry technology, molding compounds, heat treatment, casting repairs and environmental protection.

The main aim and focus of the conference SPOLUPRÁCA 2019 provides a summary of the current state and future trends in the following areas:

- Influence of foundry alloys crystallization;
- Metallurgy of ferrous and non-ferrous materials;
- Unconventional assessment of alloys;
- Foundry technologies;
- Molding materials;
- Heat treatment of castings;
- Use of simulation programs in foundry;
- Rapid prototyping to production models;
- Filtration alloys;
- Metallographic analysis of foundry alloys;
- Non-conventional foundry technologies;
- Casting repairs etc.

Scientific comittee:

prof. Ing. Dana Bolibruchová, PhD. – *University of Žilina*

doc. Ing. Petr Lichý, PhD. – *VŠB, Technical University of Ostrava*
